DEON LEWIS

Deon Lewis was born and raised in Tallahassee, Florida. She learned to quilt at the young age of 12 and has been honing her talents as a fiber artist for the past 10 years.

She has always been drawn to the complexities of nature, especially flowers and animals. Her typical medium of choice includes fabric, fibers, thread, and acrylic paint or ink.

Her use of dynamic colors and unique compositions in her artwork helps focus the observer toward the desired idea or emotion. Her hope is to create through fabric, thread, and paint an idea or vision that evokes a personal response from the viewer.
