 General course outline 2024

Note: This is a general outline of the course and specific projects will vary session to session. All student choice projects are subject to instructor approval. Students will receive a schedule and project list at the initial class meeting.

Class: Mixed Level Hand Building, 5 or 6 weeks

Welcome to Mixed Level Hand Building! The goal of our class is to have some fun, refine hand building techniques, and create an intentional body of work. Beginner students will work on a series of skill-building projects and intermediate students will work independently on creative projects of their own design.

Each class will generally follow this schedule:

1:30-1:45PM: Clay and Workspace Prep

1:45-3ish: Instructor-led Project

3ish – 4:00PM: Work Time

4:00-4:30PM: Clay and Workspace Cleanup, Store work
