

## ART DELIVERY PROGRAM

Thank you for your interest in LeMoyne Art Education's Art Delivery Program. Our program is available for all ages, and activities include: drawing, painting, ceramics, and mixed media/collage. Services are available to local schools and businesses upon request. Activities are tailored to meet the groups' creative curiosities, whether supplementing lesson plans or just a day out with friends. Students will be provided with some basic history of selected activity as well as a-hands on art experience through various projects.
